

## Replacement for the Singer and McQuay EA, ES and RS Series

Islandaire EZED Series is a replacement for the Singer and McQuay models of EA, ES and RS units. Our commercial duty construction with heavy gauge galvanized steel and superior components create an efficient reliable unit. This design eliminates the need for any interior or exterior renovation. Use of the existing wall sleeve-cabinet and louver saves time and money, two very important factors in today's competitive environment! If the need does occur where the wall sleeve-cabinet front panel and/or louver needs to be replaced, we manufacture these accessories as well.

### FEATURES:

- Proudly Designed and Engineered in the U.S.A.
- Whisper Quiet Tangential Wheel
- Superior Energy Efficiency Ratios (EERs) and Coefficient of Performances (COPs)
- Commercial Duty Construction with Heavy Gauge Galvanized Steel
- Energy Efficient Rotary Compressors
- Fan Cycle Option Standard
- Indoor Freeze Protection Standard
- Hi Pressure Cutout Standard
- Units Available as Cooling only, Cooling with Electric Heat, Cooling with Hydronic Heat, Cooling with Heat Pump
- Custom Options Available
- Available with wired and wireless wall thermostats
- Includes New Painted Front Panels and Blank Off Plate
- ETL listed products
- Designed for exact replacement of existing sleeve opening
